CURRICULUM VITAE

NAME: Mark D. Avart, D.O.

DATE OF BIRTH: August 2, 1953

CITIZENSHIP: U.S.A.

MARITAL STATUS: Married

DEPENDENTS: Three

ADDRESSES:

Home: 840 Roscommon Road
Bryn Mawr, PA 19010
(610) 525-7726

Offices: The Philadelphia Orthopedic Group

Bala Cynwyd Office
Two Bala Plaza, Ste. IL1
Bala Cynwyd, PA 19004
(610) 667-7712

Northeast Philadelphia Office
6521-25 E. Roosevelt Blvd.
Philadelphia, PA 19149
(215) 537-9450

DEGREE: Doctor of Osteopathy

HOSPITAL STAFF

APPOINTMENTS: Graduate Hospital

Parkview Hospital

TEACHING:

Resident Training Program: Orthopedic Residents
Graduate Hospital and Parkview Hospital

Associate Professor, Department of Orthopedic Surgery
Philadelphia College of Osteopathic Medicine, Faculty for
Lectures to second year students in orthopedics

**PROFESSIONAL
SCHOOL:**

Philadelphia College of Osteopathic Medicine

-2-

INTERNSHIP: Rotating Type: Osteopathic Medical Center of Philadelphia
Philadelphia, PA July 1979 – June 1980

RESIDENCY: Orthopedic Surgery: Osteopathic Medical Center of Phila.
Philadelphia, PA July 1980 – June 1984
Chief Resident: July 1983 – June 1984

**ADDITIONAL POST-
GRADUATE STUDIES:**

Sports Medicine: Dr. Philip Marone, Team Physician
Philadelphia Phillies, Methodist Hospital
Philadelphia, PA April – June 1981

Pediatric Orthopedics: Drs. Steel and Clancy, Shriner's
Hospital, Philadelphia Division
Philadelphia, PA April – June 1982

General Orthopedics: Drs. Neuman and Stepanuk,
Metropolitan Hospital
Philadelphia, PA July – October 1982

Hand Specialty Training: Drs. Bora and Osterman,
Hospital of the University of Pennsylvania
Philadelphia, PA April – May 1983

LICENSURE: Pennsylvania: OS-004440-L June 1980
New Jersey: 44638 July 1984

CERTIFICATION: National Board of Osteopathic Examiners

American Osteopathic Association of Orthopedic
Surgeons: Board Certified: 1987

EDUCATION: Lower Merion High School: 1971

University of Pennsylvania
Philadelphia, PA September 1971-May 1975

Philadelphia College of Osteopathic Medicine
Philadelphia, PA August 1975 – June 1979

**AWARDS/SOCIETIES/
MEMBERSHIPS:**

High School: B'Nai High School Scholar Athlete, 1971
College: Member Alpha Tau Omega, National Fraternity

-3-

B'Nai B'rith Sports Lodge
College Scholar Athlete, 1975
All Ivy Lacrosse Honors, 1975

Medical School: American Student, Osteopathic Medical
Association, 1975
American Osteopathic Association of Surgeons
New Jersey Association of Physicians and Surgeons
Pennsylvania Osteopathic Medical Association

**PAPERS AND
PRESENTATIONS:**

Pigmented Villanodular Synovitis of the Hip, Review of
Literature: Submitted to American Osteopathic Orthopedic
Association, June 1982

Plica Syndrome, Submitted to American Osteopathic
Orthopedic Association, June 1982

**Malignant Fibrous Histiocytoma Associated with Paget's
Disease**, Submitted to American Osteopathic Association,
June 1983

**Ipsilateral Femoral Shaft Fractures, Alternative
Methods of Treatment**, AOA, June 1984

Rare Malignant Bone Tumors, Exhibit at National
Osteopathic Association of Specialists, 2nd Prize Award
Toronto, Canada October 1983

Physical Exam of the Shoulder and Elbow, Presentation
Of CME Lecture Series, PCOM March 24, 1983

COURSES:

Annual Orthopedic Pathology and Radiology, Temple
University School of Medicine
Philadelphia, PA 1980-1982

Modern Concepts in Fracture Management, American
Academy of Orthopedic Surgeons
Los Angeles, CA December 1-5, 1980

Practical Sports Medicine
Temple University School of Medicine
Atlantic City, NJ April 9-11, 1981

-4-

11th Annual Visiting Professor Lecture Series, Thomas
Jefferson University School of Medicine, Department
Of Orthopedics, Dr. Roby Thompson
Philadelphia, PA April 30-May 1, 1981

Emergency Treatment of Orthopedic & Sport Injuries
Boston School of Medicine
Mt. Snow, VT February 13-18, 1983

Philadelphia Pediatric Orthopedic Day, The Children's
Hospital of Philadelphia
Philadelphia, PA April 16, 1983

AO/ASIF Basic Course of Operative Treatment of
Fractures and Nonunions
Hot Springs, VA April 17-23, 1983

Chymopapain Discolysis and Injection Technique,
Certified AOA October 18, 1983

American Osteopathic Academy of Orthopedics Post
Graduate Seminar, Dearborn, MI May 3-4, 1996

Sports Related Injuries in the Shoulder and Knee, AOA
Kansas City, MO May 1-2, 1998

Revised 11/01

BIOGRAPHICAL HISTORY

Brian P. Sullivan, Ph.D.

BRIAN P. SULLIVAN, vice president of the Center for Forensic Economic Studies, received his doctoral degree in Microeconomic Theory and Econometrics from the University of North Carolina at Chapel Hill in 1974. He received University of North Carolina and National Defense Education Act (NDEA) fellowships. He served as a consultant to the U.S. Department of Labor's Bureau of International Labor Affairs, and as an instructor of economics at the North Carolina State University at Raleigh. He received a Ford Foundation grant for the study of economic education at the University of Indiana.

Prior to joining The Center for Forensic Economic Studies, Dr. Sullivan served in a senior management position at a regional telephone company. As a consultant on utility matters, he has directed analyses of regional teleports, state utility rate structures, and Federal antitrust activity in relation to the AT&T divestiture.

Dr. Sullivan served as an economist with the Federal Reserve Bank of Dallas, Texas, where he created statistical and econometric models forecasting fixed business investment, residential investment and regional indexes of industrial production and capacity utilization. He also served as an economist with the Federal National Mortgage Association (Fannie Mae), developing statistical models to predict yields on Fannie Mae's biweekly auctions of commitments on FHA-VA and conventional mortgages.

As Senior Economist and Manager of Industry Impact Studies at the American Petroleum Institute, Dr. Sullivan analyzed the economic impact of crude oil price deregulation, the windfall profits tax and various government regulations pertaining to bonus bidding for leases on the Federal Outer Continental Shelf (OCS). He is co-author of a study on OCS bidding regulations, published in *The Journal of Economics and Business*. He is also co-author of a study documenting the impact of changing fuel prices on electric utilities' use of coal, oil and gas as boiler fuels, which appeared in *The Energy Journal*.

Dr. Sullivan lectures in law at Temple University School of Law. He has also served on the faculties of the North Carolina State University, Northern Virginia Community College and the Virginia Polytechnic Institute. He is a consultant to the Gilberton Coal Company in its effort to create the country's first viable coal-to-gasoline plant. He has conducted numerous Bell System seminars and has lectured on economic damages before the New York State Association of Defense Lawyers, the District of Columbia Employment Law Plaintiffs Bar and other bar groups. Dr. Sullivan was chosen to testify as the economist at a mock trial held before the American Bar Association Section on Labor and Employment at the ABA 1993 Annual Meeting. Dr. Sullivan's published articles include analyses of the statistical properties of hedonic damages, which appeared in the *Journal of Forensic Economics*.

RESEARCH ■ CONSULTING ■ LITIGATION SUPPORT

CURRICULUM VITAE
BRIAN P. SULLIVAN, Ph.D.

Vice President

EDUCATION

University of North Carolina - Chapel Hill. September 1970 - June 1974
Ph.D. in Economics.

Areas: Microeconomic Theory, Econometrics.

Dissertation: New Estimates of the Translog Production Function
in U.S. Manufacturing.

King's College - Wilkes-Barre, Pennsylvania
September 1966 - June 1970
B.A. in Economics.

AWARDS AND HONORS

University of North Carolina Research Fellowship, 1970.

National Defense Education Act Fellowship, 1971.

University of North Carolina Teaching Fellowship, 1972-1973.

Ford Foundation grant for Economics Education, University of Indiana, 1973.

Omicron Delta Epsilon - Economics Honor Society, 1972.

CURRENT POSITION

Senior Economist, the Center for Forensic Economic Studies, May 1987 to present.

Responsibilities: Preparation of analyses and testimony on such matters as lost earnings due to personal injury and death; employment discrimination (economic damages and statistical assessment of liability); commercial litigation; health economics; and public-utility rate-making.

PREVIOUS EXPERIENCE

Executive Economist, R.W. Beck and Associates, April 1986 to May 1987.

Responsibilities: Direct and perform statistical and econometric analyses of telecommunications demand. Evaluate new business opportunities in the telecommunications industry. Prepare and present testimony on rates, costs and engineering of telephone systems.

CURRICULUM VITAE
BRIAN P. SULLIVAN, Ph.D.

PREVIOUS EXPERIENCE

Director - Account Management and Advertising, Southern New England Telephone, November 1983 to March 1986. Responsibilities: Develop and implement marketing communications directed toward customers of the cellular mobile, Yellow Pages, telephone network, and premises equipment lines of business.

Staff Manager - Business Development, Southern New England Telephone, April 1983 to November 1983. Responsibilities: Analyze and assess business plans of start-up long distance companies regarding potential investment. Develop and present market analyses of new lines of business.

Division Manager - Business Research, Southern New England Telephone, August 1979 to April 1983. Responsibilities: Develop and present testimony before public utility commissions on the demand for and cost of telephone service and on telephone company productivity issues. Supervise and direct market research studies, attitude studies, sampling and separations studies and public communication studies.

Senior Economist and Manager - Industry Impact Studies, American Petroleum Institute, February 1977 to August 1979. Responsibilities: Analyze government regulations concerning bidding practices for offshore leases, and regulations defining maximum lawful prices for crude oil and refined petroleum products.

Economist, Federal National Mortgage Association, July 1976 to February 1977. Responsibilities: Applying statistical, mathematical and quantitative techniques to assess mortgage and housing markets.

Economist, Federal Reserve Bank of Dallas, June 1974 to June 1976. Responsibilities: Develop, maintain and update forecasts of private fixed business investment, investment in residential structures and inventory investment. Develop and maintain models to compute various regional indexes of industrial production and capacity utilization.

CONSULTING

Econometric Modeling (Self-Employed) 1979. Responsibilities: Develop a model to be used to predict the unit cost of sonobuoys by major functional type. Client: U.S. Navy, Naval Air Command.

CURRICULUM VITAE
BRIAN P. SULLIVAN, Ph.D.

BOARD MEMBERSHIP

Advisory Council, William G. McGowan School of Business at King's College,
Wilkes-Barre, PA, 1993.

ACADEME

Lecturer in Law, Temple University School of Law (1989). Taught classes
in economic damages in litigation.

Guest Lecturer, Temple University School of Law program in Advanced Trial
Advocacy, 1992 - present.

Adjunct Professor - Northern Virginia Community College, 1978-1979. Taught
business statistics.

Adjunct Professor - Virginia Polytechnic Institute, 1979. Taught graduate level
econometrics course.

Instructor - North Carolina State University, 1973-1974. Taught principles of eco-
nomics.

Teaching Assistant - University of North Carolina, 1972-1973. Taught business
and economic statistics.

THE CENTER FOR FORENSIC
ECONOMIC STUDIES
RESEARCH ■ CONSULTING ■ LITIGATION SUPPORT

BIOGRAPHICAL HISTORY
JEROME M. STALLER, Ph.D.

JEROME M. STALLER, president of the Center for Forensic Economic Studies, has been admitted to testify as an expert witness before state and federal courts on a wide range of forensic-economic issues involving damages and liability in commercial, antitrust, injury and employment litigation.

Dr. Staller has provided analysis and testimony in numerous cases of national significance. He was appointed by the court as the expert economic witness in the national Bendectin mass-tort litigation. His testimony on probable retirement age in *Finch v. Hercules* established new law on statistical evidence.

Prior to founding the Center for Forensic Economic Studies, Dr. Staller served as a senior economist at several federal agencies, including the Pay Board, the Cost of Living Council, and the Department of Labor. At those agencies, he addressed a wide range of policy issues, including general macro policy, wage policies, welfare reform, inflationary impact analysis, local labor market information policy, immigration policy, bargaining policies, and general manpower policies.

Dr. Staller received his doctorate in Labor Economics and Statistics from Temple University in 1975. During the course of his studies, Dr. Staller was the recipient of Temple University and U.S. Department of Labor fellowships.

He has published and presented papers on a variety of topics, including commercial litigation, business valuation, assessment of market share, structured settlements, relative wages and escalation, treatment of escalators under wage and price controls, the impact of stabilization on the collective bargaining process, the impact of energy policy on the supply and demand for labor and a variety of other legal / economic issues.

He has lectured before bar organizations and judicial conferences, and he serves as consulting editor to Medical Malpractice Law and Strategy and Product Liability Law and Strategy.

Dr. Staller is a lecturer in law at Temple University Beasley School of Law, where he teaches a course on the use of economics and statistics in commercial, personal injury, and employment litigation. He served as an associate professor on the faculty of the University of Maryland. He also taught at Pennsylvania State University and St. Joseph's University. He serves on the panels of the American Arbitration Association and the National Center for Dispute Settlement. He is a member of the American Economics Association, the Industrial Relations Research Association, and Omicron Delta Epsilon-Economics Honorary Society.

Dr. Staller's book "What Are the Chances: Risks, Odds and Likelihood in Everyday Life," written with Bernard Siskin, Ph.D. and David Rorvik, was published by Crown Publishing in 1989.

CURRICULUM VITAE

JEROME M. STALLER, Ph.D.

President, The Center for Forensic Economic Studies

EDUCATION

Temple University, Ph.D. in Economics, 1975.

Areas: Economic Theory, Labor-Manpower, Urban-Regional, Statistics.

Dissertation: "The Impact of Bargaining on Faculty in Two-Year Public Colleges."

Temple University, B.A. in Economics, 1967

AWARDS AND HONORS

Temple University Fellowship for study in Economics, 1968-1970.

United States Department of Labor Research Fellowship, 1967-1968.

Omicron Delta Epsilon - Economics Honor Society, 1969.

GOVERNMENT EXPERIENCE

Senior Staff Economist, U.S. Department of Labor, Office of the Assistant Secretary for Policy, Evaluation and Research, November, 1973 -1980.
